THE GALLERY

The Gallery Restaurant is an inviting oasis in the central business district and offers delicious food, excellent wine and stimulating art. A visit here is an ideal opportunity to experience our Mediterranean/European influenced cuisine, friendly service, "Vittoria" coffee and an appreciation for local as well as international artwork. Wine and art is a great combination. Vibrant colours in artwork create a visual sensation just as food and wine create textural sensations on the palate. Appreciation is personal in all art forms but it is our desire to satisfy your needs for rewarding your senses.

NERO CAFÉ AND RESTAURANT

Built in 1918, Nero encompasses a stunning Victorian character home with excellent food that leading Head Chef and Owner Scott Kennedy is renowned for in Palmerston North. Enjoy our romantic open fire, warm and cosy during the chilly winter months. Take time to cool down in summer – dine in our tranquil outdoor alfresco area surrounded by established trees and gardens. Wander through the many French doors; escape to the expansive decking, sample our divine selection of wine. Our menu features contemporary award-winning New Zealand cuisine and delectable fusion dishes to reflect our wonderful cultural diversity.

ANNE BREThERTON – ARTIST

I have been drawing professionally for the past 16 years. I particularly enjoy using ink as it opens up a world of detail – an excellent medium for houses, gardens and pets!

I like to think that the eye can wander all over my sketches and pick out interesting bits of detail in all the corners – a little colour is added to make a statement, accentuate something and enhance detail. Sketches of people's homes and businesses make ideal gifts.

I work from photographs, requiring shots of the subject from the most desired angle – one 'shot' as you would like it drawn and then several others closer up to catch detail.
